## ALBANY SECOND IN CRUSADE

According to a last minute report from Mrs. Robert Kleinhammer, public relations chairman for Albany, the Albany Residential division has just reported that it has reached a point only \$114 short of its quota, and hopes to go over the top this week end.

Albany and Berkeley-Kensington led second and third-placings in percentage of United Crusade goals achieved by Alameda County communities, according to an announcement made by County Crusade chairman Carl O. Olsen at the drive's fourth report meeting.

Albany Crusade chairman William J. Harpham reported a total of \$10,192 or 78.7 per cent of his goal; while Berkeley-Kensington chairman Syd Worthington listed \$12,406 or 71.6 per cent. Top community is Alameda, with \$38,098 or 82.6 per cent of quota.

Residential Division of the Alameda County Crusade was honored at the fourth report meeting, a "branch" and fashion show held in Capwell's tea room Tuesday, October 30.

Gardenia corsages were awarded to community residential chairmen who topped their goals or exceeded the overall county percentage of 65.7. Recipients of the floral awards were Mrs. Edward C. Anderson, Kensington Residential chairman with \$4,693 or 104.3 per cent of her quota; Albany Residential chairman Mrs. William J. Koser with \$2,366 or 94.6 per cent; and Berkeley Residential chairman Mrs. Robert Sidney with \$49,652 or 93.7 per cent of goal.

## Dagna's Mkt. Parking Lot Open Now

Construction of the new parking lot at the rear of Dagna's Market, with entrance on Ramona Avenue, was opened yesterday to the public and will accommodate more than 30 customer cars.

### Albany Tailor Active After 51 Years In Trade

MASSIMO CIVELLO

Massimo Civello, for the last five years operating his own tailoring establishment at 1284 Solano Avenue in Albany, is this month entering his 51st year in the practice of his trade.

Civello was born on June 4, 1892 in the far western part of the Island of Sicily, in Campobello. He learned his trade at the tailoring college in Marsala, a seaport on the west coast of the island, and five years later emigrated to California where he has practiced his trade continuously for the last 46 years.

His father, who recently passed away in Sicily, was a farmer in Campobello and last Jan. 20 celebrated his 90th birthday.

Civello in recent years has specialized in alterations such as changing double breasted coats to single breasted, although carrying on a general tailoring trade.

Every man is useful to his kind by the very fact of his existence. — Thomas Carlyle

FROM THE road up, 1957 Fords are a complete departure from previous models. They are now on display at your Ford Dealer's showrooms in 19 body styles, of which the above four door Victoria is a member of the new "Fairlane 500" series. Fairlane models are 9 inches longer and four inches lower than their 1956 counterparts. Though the new models are lower, interior headroom is as great as last year, since the car's chassis and floor are re-designed for a lower center of gravity. The Curt Campbell Ford center at 836 San Pablo Avenue, in Albany, has a complete line of the new 1957 models on display.

**Show them the Way...this week**  
A child's trust is a precious thing.  
Instinctively your little ones rely upon your example...so the pattern you set becomes their pattern, too.  
By taking them to worship with you every week they will come to know God...to be at ease with Him...to feel the strength and warmth of His love.  
And you will be building the foundation for a richer and happier life for your whole family.

Give them a Faith to live by...Worship with them this week

### St. Joseph Highlights

By KAY DORAN

Participating in the 1956-1957 National Merit Scholarship Program are seniors Theone Banks, Margaret Biasotti, Michaela Conley, Patricia Dunning, Marian Frediani, Sonja Giles, and Ann Marie Harmons.

Issued recently, the scholarship qualifying test is a national search for high school seniors who have demonstrated ability and promise to benefit from a college education.

Leading Junior Red Cross activities at St. Joseph High School this year are Maureen McGuire, president; Jo Ann Murphy, secretary; and Sarah Young, organizer of volunteers to Oak Knoll Navy Hospital.

According to Booster Club president Mary Ellen Brady, a new set of rules has been set for those desiring membership in the club. Among these requirements are 15 hours of service work for the school. The objects of this association are to promote and maintain a spirit of good feeling and friendship among its members; and between the members and the faculty, by means of the conduct of social and recreational activities.

In electing their class officers, Freshmen of section 1A selected Mary Gascoigne leader and Jo Allyn Archambault mission director. Leaders of section 1B are Henrietta Martinez, section leader and Mary Ann McMahon mission leader.

### SPEAKING & CARDS

#### COLUMBUS AND CARDS

The name of Columbus has special significance for all the card players in America. History tells us that the great Italian explorer carried playing cards on his ship, the *Santa Maria*, during its first fateful voyage in 1492 and that his sailors whiled away the long hours at sea waiting for land by playing card games.

During some heavy weather the cards were washed overboard, shortly before the sighting of land. Soon after landing in San Salvador, Columbus' men quickly fashioned their own home-made playing cards from copra leaves (from a coconut tree). A few of these may still be viewed at the Columbus museum in Spain. Thus the introduction of playing cards to America was almost simultaneous with its discovery.

After Columbus, whose expedition was backed by Queen Isabella of Spain, other Spanish explorers brought playing cards to the New World. These included Cortez, conqueror of Mexico in 1519. History records that Montezuma, Aztec emperor, watched in fascination as Cortez' conquistadors played at cards.

The Indians, intrigued by the colorful cards, began to make their own out of birchbark, buffalo hide, deer-skin and sheepskin. They copied the Spanish suit designs, cut them into the leather or bark, and then colored them.

When Buffalo Bill Cody's effects were sold at auction, they contained a very ancient and ornate Indian deck of playing cards presented by a tribal chief to the frontiersman in return for a great favor.

European cards were later brought by the English to Virginia and by the Dutch to New Amsterdam, so that by the 17th Century cards were in common use from French Canada to Portuguese South America.

Snip Snap Snorem, Slobberhane, Quadrille and Whist were the games early American settlers played with cards. The fascination of card games has continued through the centuries and new games have sprung up to meet the moods of our time. Today's high quality, durable cards which insure smooth handling and dealing are a far cry from their 15th Century forebears. And we have games like Canasta, Samba and the very latest, Calypso, as well as the old reliables Bridge, Hearts, Poker and Pinochle that weren't even dreamed of by Columbus and his men.

After many months of preparation, the SJHS library is now open and many books old and new are circulating. Mary Begley, Clara Felix, Marilyn Mac Eachern, Rita Felix, Mary Etta Buescher, Naomi Carr Ann Marie Hammons, Deanna Troglia, Marie Treacy, and Rachael Rubio are among the girls in the library thus gaining points spending their free time working for membership in Booster and other clubs.

### Hanna Council Plans Whist Play

### Northbrae Women Plan Activities

The Northbrae Woman's Club is planning activities for Monday, Tuesday and Wednesday of next week. On Monday the Civic and World Affairs section will meet at 10:30 a.m. to hear Berkeley Attorney John A. Foley. At 11 a.m. Mrs. William Rogers will discuss "The Middle East and World Affairs." The card section takes over at 1 p.m. The meeting will be at the Twentieth Century Clubhouse in Berkeley.

On Tuesday the Social Service Section, Mrs. David Levy, chairman, will meet at 10 a.m. at the home of Mrs. S. T. Grimes, 1821 Hopkins St. On Wednesday there will be a meeting of the board of directors at the home of the president, Mrs. Frank Jepsen, 1721 Francisco St., Berkeley.

How much of this \$40,000,000,000  
pie belongs to you?

Since May, 1941, 40,000,000 Americans have saved \$40,000,000,000 in Savings Bonds. That's an average of \$1,000 per investor. Do you own your share?

If not, you're missing out on a real money-making opportunity. For every \$1.00 invested in U.S. Series E Savings Bonds will pay you back \$1.30 in 19 years and 8 months. What's more, every dollar invested in Savings Bonds is absolutely safe, not subject to market fluctuation. And every dollar invested in

Bonds earns you 3% interest, compounded semiannually, when held to maturity (9 years and 8 months). Plus the same good interest rate for an additional 10 years, should you so desire.

Look ahead to the next 10 or 15 years and see what a regular investment in Savings Bonds will mean to you. A new home. A college education for your son. A retirement income.

You owe it to yourself to start investing in Savings Bonds today — either on the Payroll Savings Plan where you work or at your bank. The bigger the slice of this \$40,000,000,000 pie that is yours — the better off you'll be.

"We must not gamble on National security. Oil is critically important to defense and we can't afford to waste it."

Fleet Admiral Chester W. Nimitz, USN

"PROPOSITION 4 is a true Conservation measure which will enhance the State's economy and contribute to the National security."

General Omar N. Bradley, USA

"PROPOSITION 4 is of paramount importance to our National defense."

"The current Suez Canal situation is a reminder of the imperative need of reducing our dependence on foreign oil."

"America must maintain the greatest possible production of oil to make an aggressor Nation think twice before attacking."

"PROPOSITION 4 will lessen our dependence on Middle East oil."

### First Pack Meeting Of Newly Formed Pack No. 27 Held

The first Pack meeting in the history of newly-formed Pack No. 27 was held recently in the Cornell School Auditorium, according to Pack Chairman, Bob Litloff.

Presentation of Colors was performed by Mrs. Beverlee Senior's Den No. 6 and the Inspection Committee was made up of Tom Maloney, president, and Norm Jacobson, from the Albany Junior Chamber of Commerce, which sponsors Cub Pack No. 27. Den No. 6 won a closely contested inspection.

The Webelos Den, under the direction of Awards Man Vern Boyd, initiated the following boys into Cub Pack No. 27 with a candle-light service: Thomas Seitz and David Boyd to Den No. 10; Paul Stepp to Den No. 4; and James Mestes to Den No. 8.

New Den Mothers introduced were: Mrs. Laurel Stepp, Den No. 4; Mrs. Mildred Mestes, Den No. 8; and Mrs. Virginia Seitz, Den No. 10. Neighborhood Commissioner Paul Calderhead led the graduation ceremony for Stephen McEachern, who went into Boy Scouts.

Chairman Litloff announced the forthcoming paper drive, the chief source of revenue for Cub Pack No. 27. The next Pack Leaders' meeting will be held on Monday, October 29th at the teachers' lunch room at Cornell school cafeteria and the next pack meeting will be held on Friday, November 9 at Cornell school auditorium.

### Lovelorn Columnist

By AUNT FIDELLA

Dear Aunt Fidella:  
This may seem like an unimportant problem because it doesn't involve an unhappy marriage or a shy violet who isn't popular with her classmates but here goes. For over a year now my next door neighbor has complained to the police department about every barking dog and after 9 p.m. party noise.

The neighbor is a widow, she doesn't work and there is no apparent reason why she has to go to sleep early every night. The other nearby residents feel that they hardly dare entertain their friends lest some moderate hilarity bring on the forces of law and embarrass everyone.

Can you suggest a solution to our Mrs. Grundy?

HAD ENOUGH

Dear Had Enough:  
Your self-appointed censor of morals and manners should not be allowed to interfere with the normal social life of the neighborhood. Why not have two or three of the women on your block call on Mrs. Grundy and explain to her that they feel entitled to entertain their friends without being reported for disturbing the peace?

And perhaps a few overtures of friendliness on your part would not be amiss. If Mrs. G. can join in on some of your parties attended by older women friends or relatives she may feel less inclined to resent your home parties.

AUNT FIDELLA.

## KEEP JOHN J. ALLEN JR. IN CONGRESS

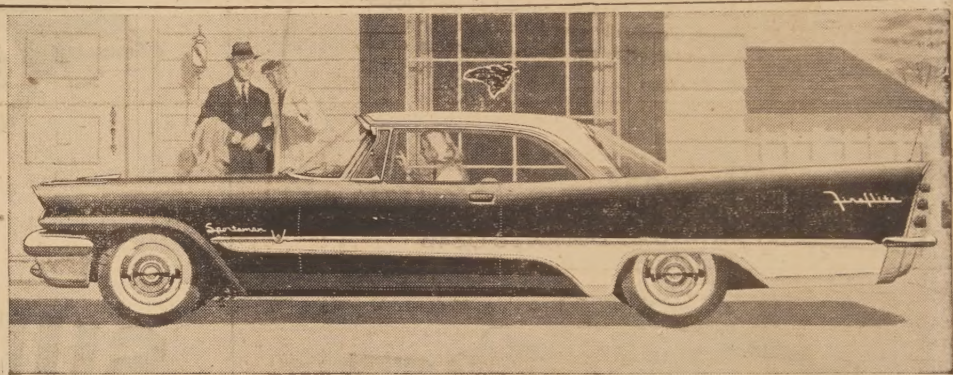

Your vote for John Allen is a vote to keep good government. It gives President Eisenhower the support he needs to carry forward the sound program which has brought us peace and the highest, most universally-shared prosperity we have ever had in peacetime.

Allen's legislative work for Bay Area shipping and commerce... ship building and repair and commercial fishing has brought him the commendation and support of leaders in those industries and in maritime unions. It creates jobs, maintains high employment in the 7th District where people have more jobs and the highest take home pay in history.

On his record, Allen asks for YOUR vote. He supported:

- Measures that balanced the budget and produced more efficient government at less cost to you.
- Fair employment and wage standards.
- The President's Civil Rights legislation to end segregation and insure the right to vote.
- Liberalized FHA and VA financing.
- Federal aid to equalize educational opportunities.
- Legislation sought by the President to adjust immigration quota system.
- Expanded highway program.
- Flexible farm price supports, reduction of government-held farm surplus.
- Strengthening National Security to make it a real instrument of world peace.

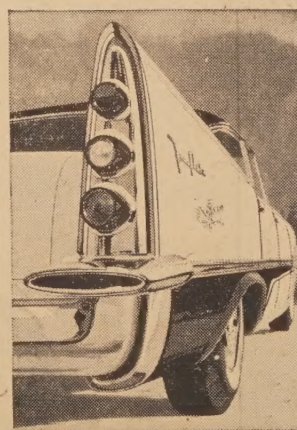

KEEP GOOD GOVERNMENT... KEEP ALLEN IN CONGRESS

According to the U.S. Dept. of Agriculture, "penny for penny—potatoes have more energy-giving value than any other vegetable." Potatoes need not be fattening. A medium-sized potato has about 100 calories—no more than an apple. Potatoes are now very convenient to buy. For easier shopping they come pre-packaged in Union Bag & Paper Corporation's paper potato bags.

### BEFORE CENSORSHIP...

This billboard contains uncensored copy  
CONDEMNING PROPOSITION NO. 4 AS A  
VICIOUS OIL MONOPOLY BILL.

### AFTER CENSORSHIP...

This is one of a thousand billboards censored with strips of white paper to blot out the words "monopoly" and "you."

On October 10, Standard Oil Company—a principal backer of Proposition No. 4—wrote a letter to California outdoor advertising companies objecting to the word "monopoly" in poster copy submitted by opponents of Proposition No. 4. The next day six companies refused to permit the words "MONOPOLY" or "YOU" on the posters. Six other companies—small independents—refused to be pushed around by Standard Oil and posted the original copy. Today, throughout California, these butchered billboards stand as shameful witnesses to Standard Oil's might. They prove that—WHAT STANDARD WANTS, STANDARD GETS—UNTIL NOW!

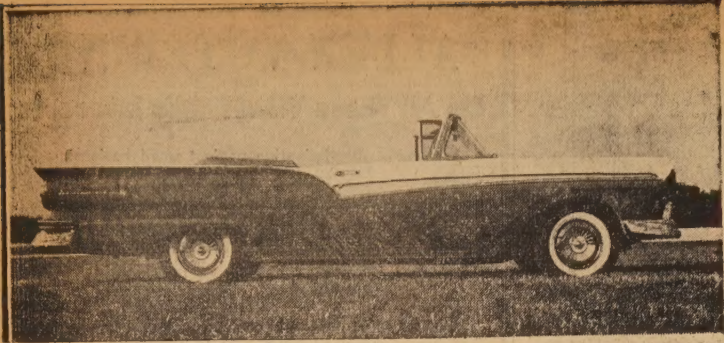

Republicans, Democrats, Labor, Veterans, Businessmen, Legislators, Civic Leaders all say:

### My Vacation Trip

A month and a half after school was out I was awakened at three o'clock Friday morning. It was time to get ready to go to Clear Lake. With a yawn, I got up and dressed; made my bed and then went downstairs and ate my breakfast. We had just finished our breakfast when the friends that we were going with arrived.

We didn't have to pack because we already had done that the night before. So we all got into the car and drove off. I fell asleep for about an hour and when I woke up we were in deer country.

It was still pretty dark. My father said, "If you see a deer you will know because the two eyes shine right at you."

We were driving along when I thought I saw a deer. So my brother, who is eight years old, looked and started to laugh. I asked him what was the matter and he said what I saw was only a car's headlights. I started to laugh, too.

When we got to Clear Lake we set up camp. The first day the men went fishing, but they didn't catch anything. The next day we went to play "Pee-Wee" golf and in the afternoon we went fishing. I caught two catfish about ten inches long and bluegill six inches long.

The next day we did about the same. I had a wonderful time at Clear Lake.

New kind of Ford makes record run  
of decisive importance to '57 car buyers!

A new 1957 Ford traveled 50,000 miles at an average speed of better than 108 mph... including all pit stops... to smash 458 National and International records in a single test! Never before has any car been so severely tested... so successfully proved!

Just recently—on the Bonneville Salt Flats in Utah, two new '57 Fords completed the most exhaustive endurance test in history—under supervision of the United States Auto Club and the Federation Internationale de Automobile. They were Ford-prepared pre-production models, exact duplicates of models which your Ford Dealer now has for sale.

These Fords completed the 50,000 mile run in less than

20 days. One averaged 108.16 mph for the entire run... the other over 107 mph. These averages include time for all pit stops.

The test shows without qualification what Ford's new Thunderbird V-8 engines\* will do. But this was no mere demonstration of speed! It was a convincing demonstration of the superior quality of the whole Ford car.

It shows the superior endurance of Ford's running gear, brakes, body materials, steering—every part of the car. For without such built-in stamina, Ford could never possibly survive such torturous treatment.

Such a test can't help but make the decision easier for people who prize truly outstanding performance and durability in a new automobile... and who want the fullest possible value from their new-car dollars.

\*Available in a wide range of horsepower to meet every need. Includes a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 engine delivering up to 285 hp.
